EV Charging Stations are coming to Edition!

We are so excited to be making such an important addition to Edition! In cooperation with PSE, we will be installing 4 electric vehicle charging stations in the coming weeks. The stations in the garage will be available for all to use, making it easier for anyone interested in ditching their fossil fuel car to get on board with the future.

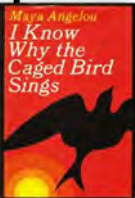

Already have an EV? We will be reaching out soon to assist you during the change.

Author Spotlight

Dr. Maya Angelou

Author, teacher, actress, screenwriter, singer, dancer, poet, and activist. Dr. Angelou is an icon of the Black ethos. Her groundbreaking work spanning 8 decades, is considered a mainstay of African American culture, and is celebrated for its role in advancing equal rights. Charismatic and passionate, warm and wise, formidable without being forbidding, Maya Angelou has profoundly touched those that have come to know her and inspired millions through the spirit of her work.

"I Know Why The Caged Bird Sings" is the first and best known work in her 7 volume series of autobiographies. This seminal 1969 work depicts the early years of her life. It is a coming-of-age story that illustrates how strength of character and a love of literature can help overcome racism and trauma. Nominated for a National Book Award in 1970 it remained on *The New York Times* paperback bestseller list for two years

Sharing builds communities. If you have a life event, business program to network or even just a super cute photo you want to share, we want to celebrate them all. Contact the office with your story or photo and we'll share it in our newsletter!
