

RENT INCREASE REQUEST INSTRUCTIONS

Before submitting a rent increase request, please review the following important information.

IMPORTANT INFORMATION FOR THE OWNER/AUTHORIZED AGENT

- **Rent Increase During the Initial Lease Term.** Rent increase changes must be requested in accordance with the Lease and must be made effective after the initial term of the lease.
- **State and Local Rent Control Laws.** In addition to the LACDA's rent reasonableness process, the amount of rent to owner will be subject to rent control limits under State or local law. Owners must ensure the requested rent increase is set in consideration with the laws governing the tenancy.
- **60-day Notice Requirement.** Request for rent increases must be submitted to the LACDA and the tenant at least 60-days prior to the effective date of the rent change.
- **Ensure Sufficient Notice Is Provided.** Rent increase notices must be submitted in writing to your tenant, with a copy to LACDA, at least 60 days in advance of the effective date of an increase and attached to the Rent Increase Request Form. Please notify your tenant and the LACDA at the same time of your intent to increase the rent. Rent increases will be effective on the first of the month following 60-days of the LACDA's receipt of a copy of the owners notice to the tenant or on the date specified by the own, whichever is later.
- **Owners Certification of Rents Charged.** By accepting each monthly housing assistance payment from the LACDA, the owner certifies that the rent to the owner is not more than rent charged by the owner for comparable unassisted units on the premises. The LACDA may request for an entire rent ledger or specific property information.
- **Wait for LACDA Approval Before Implementing the Increase.** It is important to note that rent increases are not automatically approved. When requesting a rent increase, the LACDA must conduct a rent reasonableness review of the rental market area. The results of the review determine whether or not the request can be approved. This review generally takes an average of 30 days.

REVIEW OF RENTAL MARKET AREA

The LACDA will compare the information provided with information gathered from a third party rent comparable system, affordablehousing.com, to ensure the asking rent is reasonable in relation to current market rents charged by other owners for comparable units in the unassisted market.
