Preparing Your Apartment Home

We are partnering with Ardizzone Enterprises to provide an Express Upgrade, which will transform your apartment home in the blink of an eye! We hope that you are as excited as we are to improve your apartment home while you are living in it. We appreciate your cooperation and patience during the process. We can't wait for you to enjoy all of the new upgrades!

Personal Belongings

All personal belongings must be removed from the kitchen, dining room, and bathrooms. This includes removing all items from the following areas:

- Kitchen cabinets and pantry.
- Kitchen countertops and drawers.
- Dining room area.
- Bathroom cabinets, drawers, and underneath the sink.
- Shower curtain from tub area.

For your convenience, plastic tubs will be delivered to your home 48 hours prior to your Express Upgrade to help you store your personal belongings. Your belongings may then be moved to the living room or a bedroom. Empty plastic tubs will be picked up within 48 hours after your Express Upgrade is completed.

Food

Food may be left in the refrigerator. The refrigerator will be moved to the living room and will be fully functional during the renovation process. After the renovation is complete, you will need to move your food into your new refrigerator as the old appliance will be removed from your apartment the following morning.

Pets

For your dog's safety, please remove them from the property each day. However, cats may stay. If you keep your cat in your apartment, it should be kept in a closed bedroom and a note must be left on the front door stating your cat is in the bedroom. We have teamed up with Barkefellers (www.barkefellers.com) and can be contacted directly at 317-913-9400 for doggy dare care needs.
