Welcome Home to Rose Senior Living

A continuum of care.

Rose Senior Living Beachwood offers something for everyone. Enjoy maintenance-free living with a host of recreational, educational, and social opportunities in our Independent Living. Or savor those same lifestyle amenities with a little extra help now or in the future with Assisted Living. Our Memory Care provides a safe and secure home and also emphasizes an approach that focuses on enjoyment and interaction to help provide a fuller quality of life.

Close and convenient to everything.

We're conveniently located near the Eton and Pinecrest shopping centers and close to a range of dining and recreational opportunities, along with numerous synagogues and churches. The University Hospital Ahuja Medical Center and the Cleveland Clinic Rehab Hospital are both nearby. And we have easy interstate access, which means downtown Cleveland is only a quick drive away.

Customized care—with your loved one at the heart of our service.

It's something we all share: Our loved ones deserve the chance for a full, healthy life. That sentiment takes on new meaning when we watch them struggle with memory challenges. It's also why Rose Senior Living Beachwood offers Ecumen's Awakenings™ approach to caring for those with memory loss.

What makes Awakenings™ unique? We take an integrated approach, working with families and health care providers to customize care plans built on meaningful activities, life experiences, and preferences. Delivered through small group interactions or personalized attention. All in secure, restful settings designed to enhance your loved ones experience and help them regain a richer, fuller, quality of life.
